

Alexandre Dupont

Senior Full-Stack Engineer | Python, FastAPI & React

Email: alexandre.dupont.43add3@gmail.com | Phone: +33 6 12 34 56 78 | Location: Paris, France (Remote)

PROFESSIONAL SUMMARY

Experienced Senior Software Engineer with 5+ years building scalable microservices, high-traffic web applications, and resilient distributed backends with Python, FastAPI, React, TypeScript, and modern cloud infrastructure.

CORE SKILLS & TECHNOLOGIES

• Python • FastAPI • React • TypeScript • PostgreSQL • Docker • AWS • REST APIs • CI/CD • Git

PROFESSIONAL EXPERIENCE

Senior Full-Stack Developer — Tech Innovations Paris

(2021 — Present)

- Architected high-throughput backend APIs handling millions of requests with sub-50ms latency.
- Developed modern responsive single-page web applications with React and TypeScript.
- Streamlined containerized deployments using Docker and automated CI/CD pipelines.

EDUCATION

Master of Science in Computer Science — Sorbonne University, Paris
